

Contribute to our community! Become a member on our Volunteer Board of Directors

ConnectWell Community Health is a fully accredited charitable organization, governed by a community-based volunteer Board of Directors.

We focus on improving the health and well-being of individuals, families and the broader community. We provide a wide range of developmental and respite services, primary and allied health care, mental health and peer supports, and health promotion and community development initiatives across rural Lanark, Renfrew and Leeds and Grenville Counties. We pay special attention to the needs and concerns of people in our communities who are more vulnerable, marginalized or isolated.

We strive to create a board that reflects the diversity within our community, and we encourage applicants who come from equity-deserving groups to serve on our Board. Knowledge or experience in the following areas are considered assets in our recruitment efforts:

- Governance of charitable organizations
- Consensus building and decision-making
- Financial oversight and risk management
- Leadership qualities and experience
